WELCOME BLACK
2010 issue

GHOST BUSTER

Design Philippe Starck with Eugeni Quittlet

The Kartell catalogue adds yet another piece to its furniture collection, the commode. Starck has taken a new look at it and the Kartell-style commode evokes the lines of classic furniture but with a contemporary accent in its transparency and plastic.

Corners and curves, straight lines and sinuous lines play over its surfaces and spark an intriguing game of eye-catching perspectives and reflections.

Ghost Buster with three open frontal shelves and sitting on four bifacial legs is the largest plastic monobloc ever made yet in the world of furnishings - just another successful demonstration of Kartell's determination to break down all the barriers of technical challenge.

Material: transparent or batch-dyed PMMA
Sizes: H. 69 cm, W. 80 cm, D. 44 cm
Colours: transparents: crystal, smoke grey
mat: white, black
