HARCOURT COLLECTION MY FIRE CANDLE HOLDER

Paris, September 2019

"The smallest of lights can also be the greatest..." Philippe Starck

The Harcourt My Fire candle holder revisits the celebrated Our Fire, a Baccarat icon designed by Philippe Starck in 2006.

The same creativity and balance in a rather more intimate composition.

Set in a transparent lampshade, a Harcourt red goblet now serves as a photophore.

Filtered through the magic of crystal, the candle exudes a soft, warm light to create a romantic mood.
